BYLAAG D1

Lists of Prisoners of War (Anglo-Boer War 1899–1902)

English Transcription

Anglo-Boer War, 1899–1902 | Source: Free State Archive

Background and Source

This document is a transcription of Bylaag D1 from the Marneweck Family History Archive. It contains official British military lists of Boer prisoners of war (POWs) captured during the Anglo-Boer War (Second Boer War, 1899–1902). The lists are drawn from the Free State Archive and cover multiple theatres of the war.

Several members of the Marneweck family appear in these lists, highlighted in the tables below. Of particular note is entry No. 7660, Johan Marnewick (aged 30), captured from Zwetfontein, Smithfield — annotated in the original with a hand-drawn star and the words "Ons Oupa" (Our Grandfather), indicating a direct family connection.

Note on accuracy: These records were produced under wartime conditions. Some entries contain errors, abbreviations, or illegible handwriting. Where the original OCR text was unclear, the best reading has been applied. Ages, dates and place names are as they appear in the original documents.
