Dear Willie & Petra,

just a few lines to say "hello"  
and hope you are all well. Did you receive  
the letter I sent you a while back?

Enclosed are some pages of information  
about some of the Marnewick families, which  
I hope will be of some use to you. About  
two or three years ago I sent them to Boet  
Marnewick of Krugersdorp too, so if you are  
his son, he would probably have shown them  
to you. It is difficult and expensive getting  
information when one is in a different country  
so I have not bothered much about it. Each  
time I visit S. Africa I make more inquiries  
myself.

The price of goods here in this country have risen  
enormously since the Labour government came  
into power, and taxes are rising accordingly.  
Life is getting difficult.

Regards from  
Katie.
